

Save our precious beach headland as public open space

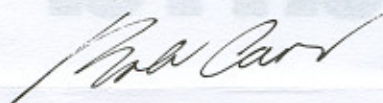

Dear Resident,

Six years ago the Federal Government promised to hand over the Malabar Headland to the people of NSW.

We want action now.

I have intervened and acted to have the Anzac Rifle Range relocated and the Malabar Headland preserved as a National Park administered by the NSW Government.

Please sign the petition below to urge the Prime Minister to take this important step – and to save the site as open, public space.

Bob Carr MP, Premier of NSW and Member for Maroubra

Sign the Petition • Protect Malabar Headland

To the Prime Minister, John Howard MP, Canberra

To the Honourable Speaker and Members of the House of Representatives assembled in Parliament.

This petition of certain citizens of Australia draws to the attention of the House that we the undersigned object to the delay in the Malabar Headland being handed over to the people of NSW.

As one of Sydney's last remaining precious beach headlands, the Malabar Headland should be preserved as a National Park.

We therefore pray that the House approves the relocation of the Anzac Rifle Range and hands the Malabar Headland over to the people of NSW as an open public space without further delay.

A message from
Bob Carr MP

Save the Malabar Headland

The Federal Government said it would hand the
Malabar Headland over to the people of NSW.

That was six years ago. I have written eight letters to Canberra since 1998.

Enough is enough. Now is the time to act.

It's vital that the Malabar Headland is preserved as a National Park
and this precious beach headland is preserved as public open space.
