

MALABAR HEADLAND
(Anzac Rifle Range)

List of Native Species Recorded

Key to recorders:

! D. Benson (Royal Botanic Gardens, Sydney) 1978
" " " " " " " " 1987
^ Others 1986+ (only if not in Benson lists)

(East = Eastern headland; West = western escarpment)

* Not recorded at Botany Bay National Park
~ Uncertain about identification - not observed since 1990
< Doubtful whether locally indigenous

Species	Family	East	West
Acacia:-			
*A. echinula~	Mimosaceae		^
A. longifolia subsp. longifolia		!	!#
A. longifolia subsp. sophorae	"	!	!#
A. myrtifolia	"		^
A. suaveolens	"	!	#
A. terminalis	"		^
A. ulicifolia	"	^	!
Acianthus fornicatus	Orchidaceae	^	^
Acmena smithii	Myrtaceae	^	^
Actinotus:-			
A. helianthi	Apiaceae	!	^
A. minor	"		#
Actites megalocarpa	Asteraceae	^	
Adiantum aethiopicum	Adiantaceae	^	?
Agrostis avenacea	Poaceae	^	
(now 2005 Lachnagrostis filiformis)			
Allocauarina:-			
A. distyla	Casuarinaceae	!	#
A. littoralis	"		#
A. torulosa	"		^
Amperea xiphioclada	Euphorbiaceae	^	^
Angophora costata	Myrtaceae	^	^
*Anisopogon avenaceus	Poaceae		^
Apium prostratum var. filiforme	Apiaceae	^	
Aotus ericoides	Fabaceae	^	
Aristida:-			
A. ramosa	Poaceae		!
A. vagans	"		^
Asplenium:-			
A. difforme	Aspleniaceae	^	
A. flabellifolium	Aspleniaceae	^	

Species	Family	East	West
Astroloma:-			
*A. humifusum	Epacridaceae	^	^
A. pinifolium	"	!	^
Austrodanthonia:-	Poaceae		
A. bitartita	"		^
A. monticola		^	
A. richardsonii		^	
A. setacea	"	^	
A. tenuior	"		^
Austrostipa:-			
A. mollis	Poaceae		^
A. pubescens	"	^	^
Backhousia monogyna	Myrtaceae	^	
Baeckea:-			
B. brevifolia	Myrtaceae	^	
B. diosmifolia	"	^	
B. imbricata	"	!	^
Banksia:-			
B. aemula	Proteaceae	!	!#
B. ericifolia	"	!	!#
B. integrifolia	"	^	^
B. oblongifolia (asplenifolia)	"	^	!
B. robur	"	^	
B. serrata	"	^	^
*B. spinulosa	"		^
Baumea:-			
B. acuta	Cyperaceae	^	^
B. juncea	"	^	
B. nuda	"		^
B. rubiginosa	"	^	
B. teretifolia	"	^	
Billardiera scandens	Pittosporaceae	!	#
Blechnum:-			
*B. camfieldii	Blechnaceae	^	
B. indicum	"	^	
Boronia:-			
*B. ledifolia	Rutaceae		^
B. parviflora	"	^	^
B. rigens	"		!
Bossiaea:-			
B. ensata	Fabaceae	^	!
B. heterophylla	"	^	!#
B. scolopendria	"	!	#
Brachyloma daphnoides	Epacridaceae	^	#
Brachycome angustifolia	Asteraceae		^
Breynia oblongifolia	Euphorbiaceae	^	^
Burchardia umbellata	Colchicaceae		^
Caladenia:-			
*C. alata	Orchidaceae		^
*C. caerulea	"		^
C. carnea	"		^
*C. catenata	"	^	^

Species	Family	East	West
Callistemon:-			
C. citrinus	Myrtaceae	^	^
C. linearis	"	!	!#
C. pinifolius	"	^	
*C. rigidus	"	^	^
Calochilus:-			
C. paludosus	Orchidaceae		^
C. robertsonii	"		^
Calochlaena dubia	Cyatheaceae		^
Calytrix tetragona	Myrtaceae	!	#
Carex pumila	Cyperaceae	^	
Carpobrotus glaucescens	Aizoaceae	!	^
Cassytha:-			
C. glabella	Lauraceae		^
C. pubescens	"	!	^
Cassinia uncata	Asteraceae		^
Casuarina glauca	Casuarinaceae	^	
*Caustis recurvata	Cyperaceae	^	
Centella asiatica	Apiaceae		^
Centrolepis :-	Centrolepidaceae		
C. fascicularis	"	^	
C. strigosa	"	^	^
Ceratopetalum gummiferum	Cunoniaceae		!
Cheilanthes sieberi	Sinopteridaceae	^	
Chloanthes stoechadis	Verbenaceae		^
Chorizandra cymbaria	Cyperaceae	^	
Cissus hypoglauca	Vitaceae	^	^
*Clematis aristata	Ranunculaceae	^	
Commelina cyanea	Commelinaceae	^	^
Conospermum:-			
C. ellipticum	Proteaceae	^	
*C. longifolium	"		
ssp. angustifolium			^
C. taxifolium	"	!	^
Correa:-			
C. alba	Rutaceae		^
C. reflexa var. reflexa	"	^	^
Corymbia gummifera	Myrtaceae	^	#
Cotula australis	Asteraceae	^	
Crassula:-			
C. decumbens var. decumbens	Crassulaceae	^	
C. sieberiana	"	^	
Cryptandra amara	Rhamnaceae	!	^
Cryptostylis erecta	Orchidaceae	^	#
Cyathea australis	Cyatheaceae	^	^
Cyathochaeta diandra	Cyperaceae	!	#
Cynodon dactylon	Poaceae	^	^
Cyperus brevifolius	Cyperaceae		^
Cyperus polystachyos	Cyperaceae	^	^
Dampiera stricta	Goodeniaceae	!	^
Darwinia fascicularis	Myrtaceae	!	!#
Dendrobium speciosum	Orchidaceae	^	
Deyeuxia quadriseta	Poaceae	^	
Dianella:-			
D. caerulea	Phormiaceae	^	#
D. congesta	"	^	^

Species	Family	East	West		
D. revoluta	"			^	^
Dichelachne					
D. crinita	Poaceae			^	^
D. micrantha	"			^	
Dichondra repens	Convolvulaceae			^	
Dillwynia:-					
D. floribunda	Fabaceae			^	^
D. glaberrima	"			^	^
D. retorta	"			!	^
Dodonaea triquetra	Sapindaceae			^	!
Drosera:-					
D. binata	Droseraceae			^	
D. peltata	"				^
D. pygmaea	"			^	
D. spathulata	"				^
Elaeocarpus reticulatus	Elaeocarpaceae				^
Eleocharis sphacelata	Cyperaceae			^	
Empodisma minus	Restionaceae			^	
Endiandra sieberi	Lauraceae				^
Entolasia stricta	Poaceae			^	#
Epacris:-					
E. longiflora	Epacridaceae			^	!#

Summary % Distribution

Total species recorded in east	274	
" " " " west	256	
" " in combined areas**	360	100.0
Species recorded only in east	104	28.9
" " " " west	86	23.9
Species common to both areas	170	47.2

** Not included in the count are the hybrid species identified by the Royal Botanic Gardens Sydney namely:
Eucalyptus tereticornis x E. parramattensis
Eucalyptus parramattensis x either (or both) E. tereticornis and E. botryoides

** Also not included are Boronia floribunda, Goodenia ovata, and Patersonia glabrata, reported in the Draft *Eastern Suburbs Banksia Species Endangered Ecological Community Recovery Plan*, but not observed in the making of this list.

The filling out of the list since 1986 owes much to C. Gibson, P. Akkersdyk, D. Ondinea, D. Hirschfeld and R. Coveny.

A list of weed species was made by R. Coveny towards the end of 2001.

A.R.Hall 30 November 2009

Species not yet (end 2009) reported in the above *list*, as recorded in United Services Group *Community Vegetation Restoration Plan: Anzac Rifle Range and Malabar Headland* Table A-1. From Parsons Brinkerhoff *Vegetation and Weed Management Report* 2008.

Species	Family
Carex inversa	Cyperaceae
Baumea articulate	"
Caustis pentandra	"
Centella asiatica	Apiaceae
Darwinia lepantha	Myrtaceae
